Section R1 (12 marks)

Read the passages about Amelia and Brandon and answer the questions. For each question, choose either A(Amelia) or B(Brandon). You need to choose each person more than once.

Marks Awarded

Amelia (A)

My name is Amelia and I go on adventure holidays all around the world. I go with my husband. We walk through jungles or do water sports. We go for short holidays three or four times a year. We usually camp but we like to eat in restaurants. I don't want to cook on holiday. We like taking photos of the amazing places we go to and the buildings we see. I love my holidays but they end too quickly!

Brandon (B)

I'm Brandon and I always go on holiday to Spain. I go with my whole family. There are ten of us! We like to sit by the sea and eat ice cream. We have one holiday every summer and we always go away for three weeks. We stay in a house and I enjoy making meals for everyone each night. I like taking photos of my family and our friends. The holidays are fun but three weeks is enough for me. I am always happy to come home.

Which person, A(Amelia) or B(Brandon),...

always goes on holiday to the same place?	*example*	*B*
travels with one other person?	1	
likes relaxing on the beach?	2	
has a few holidays every year?	3	
enjoys cooking on holiday?	4	
enjoys taking photos of people on holiday?	5	
usually wants to stay on holiday for longer?	6

Section R2 (13 marks)
Read the passage and answer all the questions.

Marks Awarded

The Dumbo Octopus

The Dumbo octopus lives in oceans all over the world. It only lives in very deep water. It has its name because it looks like Dumbo, the elephant from the Disney film. This is because it has two big *fins* above its eyes that look like ears. Fish have fins to help them swim. Octopuses don't usually have fins, but this one does and it looks very strange.

The Dumbo octopus is only 20 centimetres long and usually lives for three to five years. Most octopuses move by shooting water from their mouths, but this one doesn't. It waves its ear-like fins to move. It moves along the sea floor and eats worms and other small animals. It doesn't eat fish because they are too fast. A big squid might eat the Dumbo octopus if it isn't careful!

Some kinds of octopus use small rocks and shells to hide themselves but the Dumbo octopus has a different way of protecting itself. It changes colour so that bigger animals can't see it.

Scientists call the Dumbo octopus the *Grimpoteuthis* but most people think the 'Dumbo octopus' is a better name! It is not a simple job to study them because they live so deep under water. This means scientists still don't know very much about this amazing animal.

Sample

For questions 1–3, please answer in complete sentences. (2 marks each)

1. What sort of water does the Dumbo octopus live in?

2. Where are the *fins* on the Dumbo octopus?

3. How long does a Dumbo octopus live?

For questions 4-8, tick (✓) the box. (1 mark each)

Marks Awarded

4. The Dumbo octopus moves by waving its *fins*.

True ☐ False ☐

5. The Dumbo octopus has more than one name.

True ☐ False ☐

6. Scientists have learned a lot about the Dumbo octopus.

True ☐ False ☐

7. What does the Dumbo octopus eat?

A fish
B squid
C worms

A ☐ B ☐ C ☐

8. How does the Dumbo octopus protect itself?

A It hides under stones.
B It changes colour.
C It grows bigger.

A ☐ B ☐ C ☐

Write the words in the box (1 mark each)

9. Find the word in the passage which means the **OPPOSITE** of:

difficult ***(paragraph 4)*** ☐

10. Find the word in the passage which means the **SAME** as:

unusual ***(paragraph 1)*** ☐
