Amy (A)

My name is Amy and I live with my husband and two daughters in the countryside. We have an old house with a big garden. My family likes different types of food and I enjoy trying new recipes. I'm a vet and during the day I drive to lots of farms. I work Mondays to Fridays and sometimes I work in the evenings. Next year we are going to visit Spain so I want to start learning Spanish.

Brian (B)

I'm Brian and I live with my wife near the sea. Our house is small but it's very modern. My wife is a better cook than me so she makes our meals. I work in a hotel because I like meeting people from different countries. I go to work on foot. I often work on Saturdays but I don't work in the evenings. I speak French and Italian with the tourists who visit our town.

A Home Full of Plants

Joe Bagley works in a *garden centre,* which grows and sells over 2,500 different types of plants and trees. He loves his work and has lots of plants at home. Joe became keen on plants when his grandmother gave him a plant for his 13th birthday. After he moved into his flat in 2018, the number of plants which he collected increased from 100 to 1,400. Many of the plants he bought didn't cost much because they were in a poor condition. One plant has been in his family since the 1970s.

There are plants on the floor, bookshelves, tables and stairs. There isn't even enough room for a wardrobe so he keeps his clothes under the bed. The bathroom has a plant which is four metres tall. Joe feeds and waters the plants every day. It takes him about two hours! Sometimes he wakes up in the middle of the night if he thinks one of them needs some extra attention.

Sometimes people give Joe an unhealthy plant and he makes it better. As well as his job selling plants, he now has a website, where he helps people by sharing his knowledge. He has appeared on TV several times and speaks on the radio twice a week about plants. His dream is to open a 'forest café'.

For questions 1-3, please answer in complete sentences. (2 marks each)

1. How many plants does Joe now have at home ?

2. Why were many of his plants cheap to buy?

3. How much time does Joe usually spend each day on his plants?
